Annual Dues are \$670.

The IPIA is a 501 (c) 6 non-profit, #51-0114637

Distributor membership is open to any individual, firm or corporation actively engaged in the distribution of ice (no ice production packaged or unpackaged). Distributor members **must** only distribute ice products produced by an IPIA Industry Member. Distributor members have full membership privileges including use of the IPIA logo on their branded packaging and distribution vehicles and for marketing purposes.

Distributor members may or may not have their own freezer storage and do not have plant audits.

In lieu of an annual audit, Distributor members must verify annually with the IPIA the following PIQCS standards related to their distribution operation.

:

- Are Personnel with disease in communicable form excluded from work in any capacity where there is reasonable possibility of product contamination or transmittal to other individuals?
- Is road, yard and parking lot dust controlled; grounds adequately drained?
- Is the ice product holding/storage area refrigerated? Are there temperature-indicating devices present? Is the space clean; free from objectionable odors, mold?
- Are Ice transport vehicles of cleanable construction; refrigerated; clean and in good repair? Are unpackaged ice transport vehicles fully enclosed with interior surfaces cleaned prior to each loading?
- Pests (birds, animals and vermin) are not present in the storage area, loading docks and trucks
